EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The following changes have been made in the subject of the application to put the claims in a condition for allowance.

Authorization for this examiner's amendment was given in a telephone interview with Attorney David Yang on 12/2/04.

CLAIM

In claim 1:

Lines 9-10, replaced "wherein . . . electrical inputs" with --wherein each multiplexer includes N selection multiplexers--.

REASONS FOR ALLOWANCE

The following is an Examiner's Statement of Reasons for Allowance:

The applicant's amendment filed 11/16/04 overcame the technical deficiencies and the prior art rejection. Claims 1, 4-7, 9-11, 15 and 16 are allowed because the prior art of record does not show that one of the N inputs can be selected for outputting to one of the M outputs by switching on the corresponding switchable amplifiers and disabling the rest of the switchable amplifiers as recited in claim 1, and each multiplexer includes N selection multiplexers as recited in claims 5, 9 and 15.

CONCLUSION

Any comments considered necessarily by applicant must be submitted no later than the payment of the Issue Fee and, to avoid processing delays, should preferably accompany the Issue
